We're Not The Best Because We're The Oldest...
We're The Oldest Because We're The Best.

"Serving Rotarians since 1920." The Russell-Hampton Co. is the only company in the world that can even come close to making that statement. How does a small family business survive for 94 years, especially in light of today's economic difficulties? It's simple really. We are dedicated to our customers and our customers are dedicated to us. We strive to offer you, our customers, the best quality products, the best service, the most competitive pricing and the most complete line of Rotary International emblem merchandise available from one source. For four generations from our founding father "Mac" McCready to his son-in-law Hank Hamblin, and to Hank's son-in-law (me) Bob Lowe, and to my son-in-law Joe Beveridge, we have all carried on the same business code of ethics that reflects all of our memberships in Rotary.

It is because of you, our valued customers, that over all these years the Russell-Hampton Co. has given more than \$10 million in royalties to Rotary International. Without you, our customers, we would not be able to make that statement or this one: "Serving Rotarians since 1920." On behalf of all Russell-Hampton Co. employees both past and present, thank you for your patronage and for all that you do for the world as fellow Rotarians.

Sincerely,

A handwritten signature in black ink that reads "Robert C. Lowe".

12 November 2013

Dear Licensee,

The Rotary International Board of Directors approved new branding initiatives at its June 2013 meeting. This initiative is known as the Strengthen Rotary initiative and offers exciting new options for visually expressing Rotary's brand.

As a result of the Strengthen Rotary initiative, Rotary's Official Licensees may begin to offer merchandise that includes the new signature system (or logos) and color palettes. Our Official Licensees, however, are not limited to developing or selling merchandise that includes the new logos or color palettes. In fact, you may continue to use the two-color Rotary Emblem on licensed products.

Here are some important points:

- 1) Our logo has been refreshed, but the Rotary Emblem itself has not changed. As you will see in the new Voice and Visual Identity Guidelines, available on www.rotary.org, there are some changes to how the Rotary Emblem should appear in certain mediums – electronically, in documents, on stationery, business cards and marketing materials.
- 2) Membership Lapel Pins - Rotary's membership lapel pins are not changing and will continue to be manufactured in the blue and gold format.
- 3) Legacy Emblem Merchandise - Rotarians may continue to purchase merchandise containing the blue and gold/yellow Rotary Emblem ("Legacy Emblem Merchandise") from Official Licensees. And you can continue to manufacture and sell such merchandise. The blue and gold/yellow Rotary Emblem is and will remain one of RI's trademarks.
- 4) Customized Merchandise - As an Official Licensee, you are encouraged to create customized merchandise following the new Voice and Visual Identity guidelines. Rotarians are encouraged to rely on Official Licensees' design expertise when developing customized merchandise with the Mark of Excellence, Legacy Emblem or other of Rotary's trademarks.

For general questions about the new Voice and Visual Identity Guidelines please contact graphics@rotary.org. For licensing related questions, including creating products using the new signature system, please contact rilicensingservices@rotary.org.

Sincerely,

Angela Baluk

PRINT OPTIONS

•**Screenprinting:** This print process is best suited to simple artwork with only a few solid, unique colors. It is not recommended for artwork with lots of colors, shading, or for photographs.

•**Four-Color Process Dye-Sublimation:** 4CP Dye-Sublimation allows for full color printing of artwork such as photographs, watercolors or any computer generated artwork. This process is printed on white satin only, but can be printed full-bleed.

PRODUCTION OPTIONS

•**Standard Fabrication:** Our trading banners are printed on satin. We offer V-shaped, inverted V-shaped and straight edge bottoms without extra charge. Sides are heat-sealed to prevent fraying.

•**Custom Cuts:** Contact us for a quote for custom banner shapes.

•**Custom Finishing:** Add \$1.10/banner for sewn (serged) edges, and \$1.45/banner to have fringe on 3 sides. For other custom options, contact us for a quote.

•**Alternate Satin, Fringe, Cord & Tassel Colors:** No extra charge. Contact us for available colors.

REORDERING YOUR EXISTING BANNER

If we have previously made custom banners for you and you are reordering without changing the design, please contact customer service at (800) 877-8908, or orders@ruh.com.

•**Delivery:** 5 to 6 weeks upon order placement.

•**Rush Charge:** \$35-turnaround times subject to approval.

•**Set-up Charge:** \$30 for repeat orders

•**Minor Design Change:** \$15.00 for simple changes (changes to text, removing design elements, etc.).

ORDERING BANNERS WITH NEW ART

If you would like to order custom banners with new artwork, please contact our Graphic Artist at (800) 877-8908 x817, or graphics@ruh.com.

•**Printer's Set-up Charge:** \$40 for first-time screenprinted orders. \$85 on all first-time 4CP dye-sublimated orders.

•**Artwork Charge:** If we are designing or laying out your banner, or if your artwork requires alteration to be printer-ready, there is an additional art charge of \$40/hr with a minimum charge for 1 hour.

•**Delivery:** 5 to 6 weeks upon order placement. First-time dye-sublimated designs may take approximately one week longer so we can send an optional pre-production print sample for your review before printing the full order.

•**Art Requirements:** Vector based artwork is strongly preferred, especially for screenprinted designs. Accepted filetypes include CorelDraw (.cdr files, up to version X3), Illustrator (.ai files, up to version CS6), Encapsulated Postscript (vector-based .eps files).

Please convert all text to curves/outlines. For screenprinting, only use spot colors at full 100% opacity.

Otherwise, bitmap files are also acceptable at 300+ DPI. Please submit artwork at the largest size available. These filetypes are suitable for 4CP dye-sublimated banners, but usually not for screenprinted banners: Photoshop files (.psd files), JPG or .TIF files.

For templates, image area on banners or any questions, please contact graphics@ruh.com.

•**Rotary International Logo:** Please visit rotary.org to download the official RI logo. Do not modify or add effects to the RI logo. Do not obscure the logo with other design elements.

•**Submit Artwork:** E-mail art to graphics@ruh.com. Please include contact name, phone number, club name (or district number) and banner size desired.

Attachments cannot be any larger than 25 Mb. If larger, please use our web-based artwork uploader on the trading banner page of our website.
